

The Beat Goes On, Through Scholarship

Since 2015, each year, the [Peyton Walker Foundation](#) generously provides King's College Physician Assistant (P.A.) students the opportunity to apply for a scholarship. Candidates are provided with a prompt related to the mission and goals of the organization and the physician assistant profession, and they then submit an essay for consideration. The Physician Assistant department is proud to recognize and congratulate this year's scholarship winners:

- Jordyn Babcock
- Courtney Monard
- Kathleen Chen
- Hannah Knepper
- Joana Dhivra
- Christopher Ambrosio
- Tao Yang Chen
- Isabelle Stewart
- Juveria Kulsum
- Madisyn Von Frisch

[Peyton Walker](#) was a student at King's and aspired to be a Physician Assistant, but at the young age of 19, was taken from this world due to Sudden Cardiac Arrest (SCA). The Peyton Walker Foundation was created to honor her legacy. The foundation conducts screening events, distributes AED's, and provides education to help prevent SCA deaths. Moreover, The Peyton Walker Foundation was the direct force behind the enactment of [Peyton's Law](#) to help protect student athletes. If you are interested in getting involved with this extraordinary organization, please visit: <https://www.peytonwalker.org/>
